What's Going on Beneath Tahoe's Surface?

Presentation of New Research on Tahoe Water Circulation Patterns

by Dr. Geoff Schladow, Ph.D;

Director at Tahoe Environmental Research Center

Agency Staff, Area Board Members and the Public are invited!

Fig. 3.1. Bathymetry and segmentation for the numerical model for the Kingsbury Grade and Edgewood water intakes. a) bathymetry represented as contour plot with computational grid overlain; b) bathymetry represented as wireframe with beaches identified.

- New insights into Tahoe's circulation pattern research, animations and statistics
- Results of the NDEP/Tahoe Water Suppliers Association 2014 Risk Assessment Report
- Water resource management implications

Sponsored by the Tahoe Water Suppliers Association
