

## North Tahoe Public Utility District Water Saving Shower Head & Sink Faucet Rebate Credit Application

### Water Saving Shower Head & Sink Faucet Rebate Credit Program Guidelines

1. NTPUD water customers are eligible for rebate credit. A water customer is defined as the customer whose name is on the billing account.
2. Rebate credit application submittal begins February 1, 2016.
3. Limited to first 100 applications.
4. One application must be submitted for each shower and sink faucet being replaced.
5. Application must include all receipts.
6. Faucets must have been purchased after January 1, 2014.
7. Rebate credit will be applied to the customer's water bill.
8. Faucets must be installed within NTPUD's water boundaries.
9. Customers will receive a 50% rebate credit up to a total of \$50 per faucet installed. The rebate credit may be a combination of the cost of the faucet and the cost of installation if the faucets are installed by a California Licensed Contractor, up to the maximum rebate credit amount of \$50 per faucet.
10. Rebate credit will only apply to replacing existing faucets that use more than 2.5 gallons per minute with new faucets that use 2 gallons per minute or less.
11. New construction, tear-down rebuild construction, and bathroom additions are not eligible to receive rebate credit. Bathroom remodels on existing bathrooms are eligible.
12. Submit an **application** and **original receipt(s)** to:
