10	14,400	201,600	403,200
15	21,600	302,400	604,800
20	28,800	403,200	806,400

These amounts would come from a sprinkler valve that is stuck on or a broken sprinkler supply line or broken line in the house due to frozen pipes.
