North Tahoe Public Utility District Employee Retires after 28 Years of Service

Kings Beach, CA – Robin Runyon, the District's Water Quality Technician, retired from the North Tahoe Public Utility District on February 1, 2013 after serving the North Tahoe Public Utility District since May 11, 1984. Originally hired in the Administrative Department serving as a Customer Service Representative, she distinguished herself in her dedication to the District and the community, working with all members of the public in a friendly and professional manner; building strong relationships between the District and its community. She moved up into the Utility Operations Department performing her meter reading duties for the Water Department to a high standard. For many years she walked the District through seasons of rain, sleet, and depths of snow, while befriending countless neighborhood dogs.

Never to rest on her laurels, Robin aided the District in the advancement of Electronic Reading Technology (ERT) saving valuable time and money for the District by allowing for electronic meter reading instead of having to walk and visually read each meter. Most recently, she was instrumental in coordinating implementation of the MLog program allowing for early detection of water leaks.

Robin Runyon and her friendly and professional disposition will be greatly missed by the North Tahoe Public Utility District and the public upon her retirement in 2013. We are proud of her longtime association with the District and extend our best wishes to Robin Runyon for continued health and happiness in her retirement, and success in all future endeavors. Thanks for all you have done, Robin!

The North Tahoe Public Utility District provides sewer and water service to the residents of Kings Beach, Tahoe Vista, Carnelian Bay, Cedar Flat and Agate Bay. The District owns, manages and maintains the North Tahoe Regional Park in Tahoe Vista which provides recreation opportunities to residents and visitors. In addition, the District owns and/or maintains all of the public beaches in the District including Kings Beach State Recreation Area, Tahoe Vista Recreation Area, and Secline Beach to name just a few. The North Tahoe Event Center in downtown Kings Beach is also owned and managed by the District.
