

# SAVE THE PIPES! DON'T FLUSH WIPES

(OR ANYTHING OTHER THAN TOILET PAPER)

## SEWER BACKUPS ARE:

- Gross
- Unhealthy
- Costly
- Harmful to our rivers and lakes

CLOGGED PIPES...  
EWWW!

## DID YOU KNOW?

- Most sewer spills are preventable and are the result of misuse of the sewer system
- Flushed baby wipes and other items cause tens of thousands of dollars in damage each year
- Flushing anything other than human waste and toilet paper down the toilet can damage household plumbing, the environment, and the wastewater system

## OK TO FLUSH: NOT OK TO FLUSH:

**"FLUSHABLE" WIPES AREN'T FLUSHABLE!**

Test after test proves that "flushable" wipes don't break down in the sewer.
