In the event connection fees are refunded, per District Ordinance \$200.00 will be withheld from the refund.

5. Billing of Water and Sewer Service

- Per District Ordinance, Sewer service charges will commence the first day of the billing period following the completion of the pressure test.
- Per District Ordinance, Water service charges shall start from the date the water meter is installed and water is available to the customer, with the first billing being rendered on or about the first day of the next billing period following the meter installation.

6. Variance from Procedures

Any variance from the procedures set forth may only be granted upon approval of the General Manager and shall only be granted for good cause.

7. Hold Harmless

Applicants, by application for District permits, agree to hold the North Tahoe Public Utility District harmless from all liability of any kind or nature resulting from the issuance or cancellation of a sewer or water permit, including cancellation due to applicant's misrepresentation or failure to comply with the application issuance procedure or applicable District ordinances.

8. Water Conservation

Applicants, by application for District permits, recognize that the North Tahoe Public Utility District has undertaken a water conservation program which requires the installation of certain water and energy saving devices in the dwelling served by the District. These devices are also required by State and County regulations.

I have read this application and understand its contents. I agree to be bound by these regulations, and authorize the North Tahoe Public Utility District to cancel the sewer and/or water permit applied for and issued pursuant to this application in the event I or my agents violate any of the regulations herein.
