

North Tahoe Public Utility District Water Saving Washing Machine Rebate Credit Application

Water Saving Washing Machine Rebate Credit Program Guidelines

1. NTPUD water customers are eligible for rebate credit. A water customer is defined as the customer whose name is on the billing account.
2. Rebate credit application submittal begins February 1, 2016.
3. Limited to first 130 applications.
4. Limit one per household.
5. Application must include all receipts.
6. Washing machine must have been purchased after January 1, 2014.
7. Rebate credit will be applied to the customer's water bill.
8. Washing machine must be installed within NTPUD's water boundaries.
9. Customers will receive a 50% rebate credit up to a total of \$150. The rebate credit may be a combination of the cost of the washing machine and the cost of installation if installed by a California Licensed Contractor, up to the maximum rebate credit amount of \$150 per washing machine.
10. Rebate credit will only apply to washing machines that use 13 gallons per load or less, and are Energy Star certified.
11. New construction and tear-down rebuild construction are not eligible to receive rebate credit.
12. Submit an **application** and **original receipt(s)** to:

NTPUD Washing Machine Rebate Credit Program
