

NORTH TAHOE PUBLIC UTILITY DISTRICT
PLAN REVIEW REQUEST

Prior to construction within the North Tahoe Public Utility District, District staff must review and approve your plans. The property owner or the property owner's representative must provide the District with the following information. This information will allow the District to determine the cost of any applicable fees and if any special considerations or requirements shall apply. For projects that are not eligible for over-the-counter review, the District requires up to **15 business days** to review the plans. Incomplete plans will need to be resubmitted once complete and may take up to an **additional 15 business days** to review.

The owner/agent must complete the entire form. **Incomplete forms or forms submitted without the required information will be returned.** Please contact us at 530-546-4212 with any questions.

PLAN REVIEW REQUEST

PLANS WILL NOT BE APPROVED IF REQUIRED INFORMATION IS MISSING ON THE PLANS.

REQUIRED DOCUMENTATION TO BE PROVIDED BY CUSTOMER BY TYPE OF PROJECT

Each item must be provided by the Owner/Agent **AND** shown on the plans unless the N/A box is checked.

OVER-THE-COUNTER PLAN REVIEW:

- DECK REPLACEMENT WITHIN EXISTING FOOTPRINT / CONDOMINIUMS / INTERIOR REMODEL WITH NO ADDITIONAL PLUMBING FIXTURES OR CHANGES TO EXISTING PLUMBING:**
 - Placer County Environmental Health *Confirmation of Water and Sewer Services/Intent to Serve* form.
 - Floor plans showing existing and proposed work.
 - N/A – Deck replacement only
 - Site plans showing existing and proposed deck and location of existing and/or proposed easements.
 - N/A – Interior remodel only
 - Site plans showing all existing and proposed structures including buildings, sheds, fences, etc.
 - N/A – Interior remodel only

- NEW DECK / DECK ADDITION / NEW OR REPLACEMENT FENCE:**
 - Placer County Environmental Health *Confirmation of Water and Sewer Services/Intent to Serve* form.
 - Site plans showing existing and proposed deck.
 - Site plans with location of existing and/or proposed easements.
 - Highlight** site plans showing location of existing water service lines and meter location.
 - N/A – Not within NTPUD water district
 - Highlight** site plans showing location of existing sewer service lines, laterals, and **ALL** cleanouts (**property line, building, every 75 feet, and upstream of any 45 degree angles and greater**).
 - Site plans showing all existing and proposed structures including buildings, sheds, fences, etc.

ENGINEERING DEPARTMENT PLAN REVIEW:

- SINGLE FAMILY RESIDENTIAL INTERIOR REMODEL WITH ADDITIONAL PLUMBING FIXTURES:**

NORTH TAHOE PUBLIC UTILITY DISTRICT
PLAN REVIEW REQUEST

- Placer County Environmental Health *Confirmation of Water and Sewer Services/Intent to Serve* form.
- Floor plans showing all existing and/or proposed interior and exterior plumbing fixtures, including hose bibs and floor drains.
- If fire protection is required, fire sprinkler plans, including fire riser detail and location, are required with this submittal. **Highlight** project plans showing required pipe sizes, the proposed back flow prevention device (air gap or a reduced pressure assembly only), location of the backflow device, and detector check meter location.
 - N/A – Installing pressurized holding tank. Specifications of tank showing Air Gap and fill method must be included with this submittal.
 - N/A – Fire protection not required
 - N/A – Not within NTPUD water district
- Fire Suppression BFP Size, Type, and Model Number _____
 - N/A – Fire protection not required or holding tank being used (must have Air Gap).
 - N/A – Not within NTPUD water district
- ADDITION (SINGLE FAMILY RESIDENTIAL):**
 - Placer County Environmental Health *Confirmation of Water and Sewer Services/Intent to Serve* form.
 - Floor plans showing all existing and/or proposed interior and exterior plumbing fixtures, including hose bibs and floor drains.
 - Site plans indicating property lines.
 - Site plans with location of existing and/or proposed easements.
 - Site plans showing all existing and proposed structures including buildings, sheds, fences, etc.
 - Highlight** site plans showing location of existing and/or proposed water service lines and meter location.
 - N/A – No change to water service or not within NTPUD water district
 - Highlight** site plans showing location of existing and/or proposed sewer service lines, laterals, and **ALL** cleanouts (**property line, building, every 75 feet, and upstream of any 45 degree angles and greater**).
 - N/A – No change to sewer service
 - If fire protection is required, fire sprinkler plans, including fire riser detail and location, are required with this submittal. **Highlight** project plans showing required pipe sizes, the proposed back flow prevention device (air gap or a reduced pressure assembly only), location of the backflow device, and detector check meter location.
