Dear Property Owner:

You have received a copy of this survey because you own property located within the North Tahoe Public Utility District. The District has put together this survey in order to explore the feasibility of performing a ballot assessment proceeding that will increase the cost of Community Facilities District (CFD) 94-1 to raise the funds needed to continue to operate and maintain the Park and community services in the District.

This survey will also allow us to better understand your priorities concerning our Park facilities and community services. This information will be important because without additional revenue our District will be forced to significantly reduce or eliminate the maintenance of our Park facilities and, in some cases, be forced to close or sell all or part of the North Tahoe Regional Park. Knowing more about your priorities will help us make those decisions in a way that best serves the District and the North Tahoe area.

I hope that you will take the time to complete the survey and return it using the enclosed business reply envelope. You can also complete this survey on-line by visiting www.districtsurvey.org. I cannot stress often enough that your opinions and ideas are very important to us as we continue to serve the Park and community needs of the north shore of Lake Tahoe.

Sincerely,

Curtis Aaron
General Manager and CEO

More Information on the North Tahoe Public Utility District

The District is located on the northern shore of Lake Tahoe in the northeast region of Placer County. The eastern boundary of the District is defined by the California-Nevada state line and the southern boundary is defined by the lake. To the north, the District ends where United States Forest Service Land begins. To the west, the District ends at Dollar Point. To learn more, please visit www.ntpud.org.

The District owns and maintains two major parks – the North Tahoe Regional Park and the Tahoe Vista Recreation Area. In addition, the District owns and operates the North Tahoe Event Center.

1. Before receiving this survey, how would you describe your awareness of the Park and Recreation facilities operated and maintained by the District?

1. Very Aware 2. Somewhat Aware 3. Unaware

2. If you were aware of these facilities, how would you describe your satisfaction with the operation and maintenance of the District's Park and Recreation facilities?

1. Very Satisfied 2. Somewhat Satisfied 3. Somewhat Unsatisfied 4. Very Unsatisfied 5. No Opinion

If you are unsatisfied, what do you believe needs to be improved?

For Questions 4-19, please read the following:

There are many Park and Recreation facilities in the North Tahoe/Truckee area. For each item in the following list, answer by showing the frequency of use by you and/or others in your household. (Circle your response)

20. In the early 1990's, the State of California took the property taxes collected in the District to address a deficit in the State's budget. To make up for the loss of these funds, the District asked voters to approve a Mello-Roos assessment in 1992. Known as the Community Facilities District (CFD) 94-1, this proposal was approved and provides the District with funds to operate and maintain park facilities and community services. How would you describe your awareness of the existing annual CFD 94-1?

1. Very Aware
 2. Somewhat Aware
 3. Unaware

21. Currently, CFD 94-1 does not raise enough money to allow the District to keep up with the increasing costs of operating, maintaining and replacing the District's park facilities and equipment. Therefore, the District will ask property owners within the District to consider an increase to CFD 94-1. Based on what you know right now, would you favor such a proposal?

1. Favor
 2. Oppose
 3. Not Sure/No Opinion

For Questions 22-41, please read the following:

Without an increase in CFD 94-1, the District will be forced to significantly reduce the maintenance of its park and recreation facilities. In some cases, the District will be forced to close facilities entirely. For each of the following facilities, do you believe that it is Very Important, Somewhat Important, Somewhat Unimportant or Very Unimportant that the District keep the facility open and fully maintained?

39. The District currently funds recreation programs at the Boys and Girls Club of North Lake Tahoe in Kings Beach. Would you find it Very Acceptable, Somewhat Acceptable, Somewhat Unacceptable or Very Unacceptable for the District to no longer fund these recreation programs?

1. Very Acceptable 2. Somewhat Acceptable 3. Somewhat Unacceptable 4. Very Unacceptable

40. If it cannot adequately maintain the North Tahoe Regional Park the District may need to sell part or all of this park. Would you find it Very Acceptable, Somewhat Acceptable, Somewhat Unacceptable or Very Unacceptable for the District to sell all or part of the North Tahoe Regional Park?

1. Very Acceptable 2. Somewhat Acceptable 3. Somewhat Unacceptable 4. Very Unacceptable

41. The last set of questions presented you with the types of facilities and programs that the District may not be able to adequately maintain. As noted, some may need to be closed completely. Based on what you have learned by reading these questions, would you favor or oppose a proposal to increase CFD 94-1 to raise the funds necessary to adequately maintain and operate the District's Park and Recreation facilities.

1. Favor 2. Oppose 3. Not Sure/No Opinion

For questions 42 - 44, you will be presented with three different options available to the District. Each option is associated with a specific increase to CFD 94-1. The proposed increase is in addition to the \$82.20 per parcel property owners in CFD 94-1 are currently paying for the maintenance of park and recreational facilities. After reading each option, please rank your level of support for each.

42. OPTION 1: Adequately maintain and operate all of the existing facilities at the TVRA and the NTRP and continue to support recreation programs at the Boys and Girls Club of North Lake Tahoe. Doing so would require an annual increase in CFD 94-1 of \$100 per parcel.

1. Strongly Favor 2. Favor 3. Oppose 4. Strongly Oppose 5. No Opinion

43. OPTION 2: Adequately maintain and operate all of the existing facilities at the TVRA and the NTRP, continue to support recreation programs at the Boys and Girls Club of North Lake Tahoe *and adequately maintain and operate the North Tahoe Event Center (NTEC)*. Doing so would require a total annual increase in CFD 94-1 of \$150 per parcel.

1. Strongly Favor 2. Favor 3. Oppose 4. Strongly Oppose 5. No Opinion

44. **OPTION 3:** Adequately maintain and operate all of the existing facilities at the TVRA and the NTRP, continue to support recreation programs at the Boys and Girls Club of North Tahoe, adequately maintain and operate the North Tahoe Event Center (NTEC) *and continue to operate and adequately maintain all of its facilities including all existing biking and hiking trails. In addition, it would be able to maintain a planned 9 mile extension of its bike trail system.* Doing so would require a total annual increase in CFD 94-1 of \$180 per parcel.

1. Strongly Favor 2. Favor 3. Oppose 4. Strongly Oppose 5. No Opinion
-

45. Of all the District's Park and Recreation facilities listed or described in this survey, which do you believe is most important for the District to have adequate funds to operate and maintain?

46. How much of an increase to CFD 94-1 would you be willing to pay to make sure the District has the funds to operate and maintain the facility you named in response to Question 45?

Finally, we have some questions about you to make sure we have responses from a representative sample of the property owners in the District.
