FROM: Recreation and Parks Commission

SUBJECT: Recreation and Parks Commission Report from April 25, 2024 Meeting

This was another informative meeting. There was a discussion focusing on the success of the winter season and the look forward to spring and summer. All was positive. The work of the staff at NTPUD Recreation and Parks ("R&P) has been done well. Success is the best way to describe it.

One highlight of the meeting was a final presentation by Cathy Becker, by PowerPoint, entitled "The Year in Review," about the work of the North Tahoe Event Center and a look to its future. As you know, Cathy retired at the end of May. All commissioners were very complimentary of Cathy's efforts over the years and wished her well in future endeavors.

Rec Connect:

Ben Visnyei provided the commissioners with some instruction about the game of disc golf. The commissioners were herded outside of the Event Center where Ben had us play a very short but fun game of disc golf. This was a timely Rec Connect activity given that the NTPUD sponsored the annual "May Melt Down" disc golf tournament in the regional park in late May.

The Winter Recap:

What has happened since the last commission meeting of February 15? The transition to spring and summer activities has included some exciting events. It has also included some monetary success. Some of them are:

-Peak Parking at the regional park, a new program begun in December of 2023, at the regional park, was seemingly well received by the public and contributed in excess of \$60k in revenues. The process will require some "tweaking" next winter season, but for a first effort out of the box, it was positive.

-Nordic Nights, a walk/ski activity in the park, was held twice, once in February, and again in March. This event is a great way to bring the community together for some social and athletic activity. People seem genuinely happy out there. They appreciate the work of the staff in putting on these events and at no cost to participate.

-Snowfest and Pancake Breakfast, held at the event center, and downtown Kings Beach, was a very popular gathering. Again, an example of pulling the community together for some genuine joy. This year brought in 35 per cent more pancake eaters than last year. More than 300 adults and children had a wonderful time.

Public Information and Community Outreach:

Headed by Justin Broglio, the PIO had more good news for the commission. He reported on the awarding of a grant of more than \$1m from the California State Parks Habitat Conservation Program, the expansion of the NTPUD website, the positive community response to our newsletters, etc., and that the Summer Guide (which is a first rate piece of work) was about to be out to the public. Staff marketing efforts have been all been very good.

Financials:

The commissioners seemed to request some part of a future agenda item to include a presentation by our financial officers variously referred to as "Finance 101." The thought was that the commissioners could use the education during our analysis of the financial information disseminated at the commission meetings.

The Path Forward:

The many activities on schedule for this summer as presented by our staff are too numerous to mention here. However, some of them are a new summer sailing program for residents, a beach volleyball league, and pickleball and tennis leagues. In the meantime, the rental of the Kayak and Paddleboard rack space opened in early April and sold out almost immediately. Ongoing offerings such as Music at the Beach begin soon.

Resolutions:

Resolution 2024-09, Setting Various Rental Rates for the North Tahoe Event Center, passed with minor changes. Rates haven't been changed since 2020. The result will be a significant improvement in rental revenue. The commissioners were impressed with the staff's thoughtful approach to the proposed increases using various understandable formulas.

Resolution 2024-10, "July is Parks Make Life Better! Month" passed the commission vote unanimously. Parks improve the quality of life in our community.

Finally, it was announced that the R&P will partner with Commissioner Sean O'Brien's ongoing efforts to maintain the cleanliness of our beaches. Every Monday, from June through September, Sean and other socially conscious members of our community, do a Monday morning beach pick up. As Sean explained, he has been leading this effort for some time to fulfill what he believes to be a community responsibility. He was pleased when approached by Ben Visnyei that R&P was interested this year in joining in this task.

The April 25 meeting was very capably chaired by Michael Stoltzman. Amanda Oberacker's multiple reports were thorough and well articulated. Similarly was the reporting of Justin Broglio. Finally, it is always helpful to have present Directors Hughes and Daniels. Their institutional knowledge and advice assists the commissioners in putting much of the discussion in historical perspective.

The meeting left the members of the commission with excitement in anticipation of the upcoming seasons. Optimism was in the air.

GENERAL BUSINESS

Review, Discuss, and Possibly Adopt Resolution 2024-11 Setting Various Rental Rates at the North Tahoe Event Center – RPF Manager Oberacker introduced the item. In response to Director Mourelatos's inquiry, GM Johnson explained that the rate-setting process was approved via resolution by a prior board. The ordinance and resolution authorize staff to implement flexible rates. The rack rate is the maximum price based on demand, which allows the Event Center manager the flexibility to negotiate a lower price point. Prop 26 dictates the use of public property, which is a different law than Prop 218, which sets rates for utility services. He added that the fee structure will be reviewed if the event center gets remodeled. RPF Manager Oberacker noted the Recreation Commission's feedback was to provide more consistent discounts to simplify.

The Board held a brief discussion about negotiating and managing the inventory.

Director Mourelatos noted he appreciated the flexibility for government and non-profits who operate on a reduced budget.

MOTION: Director Hughes moved to adopt Resolution 2024-11 - Setting Various Rental Rates at the North Tahoe Event Center. Director Mourelatos seconded the motion which carried unanimously in favor.

Winter 2023/24 North Tahoe Regional Park Peak Parking Fee Review – RPF Manager Oberacker introduced a new item. GM Johnson summarized the main points, explaining that this was a pilot program to test if we could generate revenue and identify any issues and challenges. He considered the program successful because we gained valuable insights. He also talked about parking management. Director Hughes mentioned that the Sustainable Recreation Committee would be interested in knowing the number of passengers in vehicles. Director Mourelatos suggested that any revenue generated should be used to improve infrastructure and parking management solutions. He also asked for daily counts of pedestrians, cyclists, and vehicles for each day of the week to inform future decisions. GM Johnson mentioned that a future parking analysis will involve using advanced trail counters. Vice-President Daniels recommended using automation to prevent traffic congestion. GM Johnson also noted that the District will collaborate with Placer on their overall parking study, and Dixon consultants will assist in addressing some of our questions.

Review, Discuss, and Possibly Approve Employment Agreements for the General Manager/CEO and Chief Financial Officer – General Counsel Nelson introduced the item.

MOTION: Director Mourelatos moved to approve the Employment Agreements for the General Manager/CEO and Chief Financial Officer. Director Hughes seconded the motion which carried unanimously in favor.

NTPUD NORTH TAHOE PUBLIC UTILITY DISTRICT Board of Directors Special Meeting Tuesday, May 28, 2024

Held at the North Tahoe Event Center Alternate Location: 5315 Lower Honoapiilani Rd. Lahaina, HI 96761

A. OPEN SESSION/PLEDGE OF ALLEGIANCE

The Special Meeting of the North Tahoe Public Utility District Board of Directors was called order on Tuesday, May 28, 2024, at 12:04 PM at the North Tahoe Event Center.

In attendance were President Coolidge (via Zoom), Directors Daniels, Thompson, and Hughes. Director Mourelatos arrived at 12:29 PM.

District Staff in attendance included General Manager Johnson, Chief Financial Officer Van Cleave, Utility Operations Manager Fischer, Engineering and Operations Manager Pomroy, Public Information Officer Broglio, and Human Resources Manager Harris. District Legal Counsel Nelson was also present.

The pledge of allegiance was recited.

B. REVIEW AGENDA - Agenda Items may be taken off the agenda or taken out of order.

There were no changes to the agenda.

C. PUBLIC COMMENT AND QUESTIONS

There were no requests for public comment.

D. FISCAL YEAR 2024/2025 BUDGET WORKSHOP

CFO Van Cleave reviewed the process to date to consider the FY 2024/2025 budget and presented the Executive Summary.

The assumptions made as the Operating and Reserve budgets were compiled were clarified. The budget is based on new rates effective July 1, 2024 and a property tax increase of 9.5% relative to the past Fiscal Year budget, which makes up for conservative figures used in past years.

There was discussion regarding how property tax is allocated and what Proposition 218 allows for. It was noted that dollars allocated to the enterprise funds of water and wastewater cannot be reallocated. If those funds are left in G&A, there is more flexibility in how they can be used and can be allocated to whatever the Board prioritizes including Recreation and the Event Center. Discussion continued as allocations to enterprise funds, Recreation, and Reserves were clarified.

CFO Van Cleave explained how external risks and contingency plans are included in this budget.

Director Mourelatos asked for a technical overview illustrating the many layers of water, wastewater, recreation, and G&A revenues and expenses.

Discussion continued as capital budgets were reviewed.

The team will continue to vet the budget, taking into account Board comments, and present a budget to be considered for adoption at the June 11 Board meeting.

E. PUBLIC COMMENT AND QUESTIONS: See protocol established under Agenda Item C, Public Comment and Questions.

There were no requests for public comment.

F. ADJOURNMENT

There being no further business to come before the Board, the meeting was adjourned at 1:35 PM.

Respectfully submitted,

SUBJECT: Approve Issuance of Annual Purchase Orders to Vendors in Amounts

Exceeding the General Manager's Spending Limit Authority

RECOMMENDATION:

Approve issuance of Purchase Orders for Fiscal Year 2024-2025 to Vendors in the amount included in the Fiscal Year 2024-2025 Operating Budget exceeding \$60,000, as identified on the attached listing.

DISCUSSION:

The Annual Operating Budget for Fiscal Year 2024-2025 includes amounts for annual recurring expenditures to identifiable Vendors. District Staff has identified Vendors for issuance of Annual Purchase Orders in amounts that exceed the General Manager's \$60,000 spending limit authority and is requesting Board of Director approval for issuance. These include one-time annual transactions, such as software licenses, as well as multiple recurring purchases or transactions, such as professional services. Vendors not included in this list for approval are either for amounts within General Manager's authority, do not require a purchase order, or have been or will be approved by the Board of Directors via individual action.

The issuance of Annual Purchase Orders streamlines the District's purchasing and accounts payable process by simplifying the approval process and reducing overall paperwork. In addition, it helps provide an up to date tracking mechanism for managers to monitor performance to budget for the identified items.

FISCAL ANALYSIS:

The Fiscal Year 2024-2025 budget includes 425 items for which the Vendor is known, and the total amount is budgeted at \$8,328,794. Of these, there are 7 Vendors for which the amount exceeds \$60,000, for a total of \$773,033 requiring Board approval, as shown in Exhibit A. Additionally, there is one vendor previously approved by separate Board action, as shown in Exhibit B, in the amount of \$462,751.

STRATEGIC PLAN ALIGNMENT:

Goal 3: Enhance District Governance and Partnerships – Objective A: Maintain Best Practices in Public Agency Governance Throughout All Levels of The District; and – Objective B: Ensure Financial Sustainability of The District

SUBJECT: Authorize the General Manager to Execute a Professional Services Agreement

for the National Ave Water Treatment Plant Equipment Assessment and

Recommendations Study

RECOMMENDATION:

Authorize the General Manager to execute a Professional Services Agreement in the amount of \$230,077 with Jacobs for the National Ave Water Treatment Plant Equipment Assessment and Recommendations Study (Project #2464).

DISCUSSION:

The National Avenue Water Treatment Plant (NAWTP) provides the primary source of potable water to the District's Tahoe Main water system. The NAWTP meets Federal and California drinking water regulations and operates under the Surface Water Treatment Rule Filtration Avoidance Criteria and operates under Water Supply Permit No. 01-09-05-PER-014. Filtration avoidance permits are only provided to water systems where the source water is of exceptional quality and traditional filtration would not improve the water quality. There are 54,000 public water systems in the United States and there are only 60 filtration avoidance permits that have been issued and six of those are at Lake Tahoe.

The NAWTP meets the filtration avoidance criteria by inactivating pathogens that may be present in the water but are not physically filtered from the raw water but are inactivated by multiple disinfectant barriers. At the NAWTP, the primary disinfection barrier is chlorine, and the second disinfection barrier is Ultraviolet (UV) disinfection. Combined, these two processes ensure inactivation of viruses, Giardia, and Cryptosporidium in conformance with Federal and California drinking water regulations.

The NAWTP, in its current configuration, was constructed and placed into service in November 2002. District Staff met Jacobs on-site to walk the NAWTP and requested them to develop a scope of work to complete an assessment and provide recommendations to modernize and extend the life of this critical asset. Specific tasks include data collection and background review, regulatory review and permitting support, treatment performance evaluation, operability and safety review, I&C and SCADA assessment, electrical assessment, security assessment, seismic assessment, and improvement recommendations. The proposed scope of work follows this memorandum.

The District has selected Jacobs, a leading firm in the United States for water and wastewater system engineering, to provide engineering consulting services for the planning and assessment of the NAWTP. Jacobs has extensive experience in the Tahoe Basin and has completed two successful Filtration Avoidance Surface Water Treatment Plant planning, design, and construction projects at Lake Tahoe.

FISCAL ANALYSIS:

This project is included in the Fiscal Year 2023/24 Capital Budget for the Water Fund as National Ave Water Treatment Plant Equipment Assessment and Recommendations Study, Project # 2464 with an available budget of \$150,000. Fiscal Year 2024/25 contains an additional \$100,000 for a total project budget of \$250,000. There is a sufficient budget to allow the completion of the proposed Professional Services Agreement with Jacobs.

STRATEGIC PLAN ALIGNMENT:

Goal 1: Provide safe, efficient, sustainable water and wastewater services focusing on industry best practices and continuous improvement – Objective B: Optimize preventative maintenance of District utility system assets – Tactic 1: Continue corrective maintenance to improve system reliability – Activity a: Inspect and repair water systems asset deficiencies.

ATTTACHMENT A – SCOPE OF SERVICES

Project Background

The North Tahoe Public Utility District (NTPUD) is assessing needed improvements for its National Ave Water Treatment Plant including its treatment equipment, such as filters and UV treatment equipment, and looking for recommendations based on this assessment. Along with treatment equipment improvements, NTPUD would like to also understand other potential improvements that could be incorporated alongside treatment improvements such as security, seismic, conveyance and site improvements.

Project Objectives

The NTPUD's primary project objectives are to have Jacobs assess the current treatment equipment at the National Ave Water Treatment Plant (WTP) with respect to:

- 1. 25-Micon Strainer Equipment
- 2. Trojan UV Disinfection Equipment
- 3. Chlorination System Equipment

Task Assumptions

- 1. The schedule to complete the scope of work is 12 months from the start of Notice-To-Proceed (NTP) provided by NTPUD.
- The deliverables will be a technical memorandum with recommendations based on the assessment conducted.
- 3. A monthly 30-minute call conducted via MS Teams held to review project progress, schedule, and review any necessary questions to aid the assessment study.
- 4. A site visit for three SMEs to assess the National Ave WTP after initial investigation has been conducted based on drawings and site photos.
- 5. A monthly progress report will be included with the monthly invoice.
- 6. All in-person meetings and site visits will include 2-hours of travel time from Reno, NV, unless staff are driving from Sacramento or Redding offices.
- 7. The National Ave WTP source water will continue to meet the filtration avoidance criteria outlined in the California Code of Regulations, Title 22, § 64652.5.

Page 3 May 24, 2024

- 8. The National Ave WTP current unit processes adequately addresses any treatment and water quality challenges presented by the source water and no additional treatment is needed to address taste & odor, iron, manganese, disinfection byproduct precursors, corrosivity, and PFAS/PFOA to meet the District's treatment and finished water quality goals.
- 9. Consultant assumes that the WTPs current treatment process will meet current and future applicable regulations for the next 25-years.
- 10. No formal cost opinions or estimates will be provided for Task 2 of the scope.

Task 1 – Project Management and Administration

This task includes project management throughout the project including compiling monthly invoicing and progress reporting.

Meetings:

- 2-hour Project Kick-off Meeting with the PM and two local staff in-person and two SMEs attending virtually
- Monthly 30-minute virtual progress meeting
- 2-hour Project Close Out Meeting describing recommendations from assessment completed

Deliverables:

Monthly progress report included with the monthly invoice

Task 2 - Disinfection Plant Evaluation and Recommendations

Jacobs will complete an evaluation of the National Ave WTP that will include reviewing current source and finished water quality data, current treatment performance, and operability and safety concerns. Jacobs will develop potential solutions to address identified challenges and provide defensible recommendations for improving the plant. The following subtasks will be included in this task:

- Subtask 2.1 Data Collection and Review
- Subtask 2.2 Regulatory Review and Permitting Support
- Subtask 2.3 Treatment Performance Evaluation
- Subtask 2.4 Operability and Safety Review
- Subtask 2.5 I&C and SCADA Assessment
- Subtask 2.6 Electrical Assessment

Page 4 May 24, 2024

Subtask 2.7 – WTP Improvements Recommendations

Subtask 2.1 - Data Collection and Review

The data collection subtask will assist Jacobs in completing subsequent analyses and evaluations included in the scope of this task. Jacobs will make a formal data request for information that will assist in performing the WTP evaluation and developing alternatives for the project. The formal data request will be compiled into an electronic format and transmitted via email to the NTPUD. The data request may include but is not limited to the information listed below. It should be noted that the NTPUD has already supplied some of this data as part of the project scoping process. Information that has already been provided is noted below with an asterisk.

- Source Water Quality Sampling Data and Lab Reports
- Finished Water Quality Sampling Data and Lab Reports
- Plant Performance and Water Quality SCADA Data
- Plant Record Drawings* and Design Documents
- Permitting Documents (operating permit*, and recent correspondence with regulator)
- Plant O&M Manuals*

Once the data request has been fulfilled by the NTPUD, Jacobs will summarize the data provided in a data collection matrix that will be shared with the NTPUD. Jacobs assumes up to 40 hours to request, collect, review, and summarize relevant data. Jacobs will identify data gaps and make recommendations to the NTPUD for additional data gathering and studies necessary to conduct more detailed evaluations as needed.

Deliverables:

Data collection matrix summary (electronic PDF format)

Subtask 2.2 - Regulatory Review and Permitting Support

Jacobs will support the NTPUD in preparing for and engaging in discussions with California's Division of Drinking Water (Regulator) regarding the proposed improvements project at the National Ave WTP. Jacobs will help prepare for and attend up to two (2) meetings with the regulator for this project. Jacobs assumes that up to three (3) staff will attend the virtual coordination meetings with the Regulator. Potential topics of discussion with the Regulator may include, but are not limited to the following:

- Introducing the improvements project scope and tentative timeline
- Proposing the removal of the 25-micron strainers
- Reclassifying the plant as a Water Disinfection Plant instead of a Water Treatment Plant

Page 5 May 24, 2024

Support provided by Jacobs in preparation for and during meetings with the regulator will include the following:

- Developing meeting agendas
- Preparing presentation materials to support discussion
- · Preparing draft and final meeting minutes

Meetings:

Two virtual coordination meetings with Regulator up to 1 hour each

Deliverables:

Meeting agendas and summary (electronic copy in PDF format)

Subtask 2.3 - Treatment Performance Evaluation

Jacobs will review collected process performance data to understand the current baseline plant performance and identify any areas of concern. Specific objectives of this task will include:

- 1. Document the treatment and operational benefits or non-benefits of the 25-micron strainers to support justification for their removal.
- 2. Establish the remaining useful life of critical process equipment to support justification for replacement and/or upgrade.
 - UV equipment is assumed to be nearing the end of its useful life.

The evaluation performed in this subtask will help inform treatment improvements and upgrade recommendations for the facility which will be presented at the *Recommendations Workshop*.

Subtask 2.4 - Operability and Safety Review

Jacobs will conduct a plant walkthrough after the kickoff meeting with NTPUD O&M staff to identify safety and operability concerns at the plant. Jacobs assumes that three (3) staff will be present for the site visit. The site visit will entail two (2) hours of touring the plant with O&M staff to identify their concerns and one (1) hour of onsite discussion following the tour. During the tour, Jacobs will digitally log each of the safety and operability concerns and take pictures. Directly following the plant walkthrough, Jacobs will review the identified safety and operability items and assign the priority as high, medium, and low for each item.

After the site visit, Jacobs will provide the NTPUD with a summary of the identified operability and safety items and their assigned priority for the NTPUD to review and comment on internally.

Page 6 May 24, 2024

Meetings:

Three-hour in-person site visit as part of the project kickoff

Deliverables:

 Prioritized list of operability and safety improvements (electronic copy in PDF format)

Subtask 2.5 – I&C and SCADA Assessment

Jacobs will evaluate existing equipment, available spare capacity, and alternatives considering replacement of or upgrades to the existing equipment with the NTPUD. Jacobs, in coordination with the NTPUD, will evaluate the existing instrumentation and will try to use the same type of instrumentation being used now for the process, to keep consistency and reduce spares required. This may vary based upon which process alternative is selected. Jacobs will evaluate available control systems (instrumentation, PLC/SCADA system, and devices like valves, motors, MCCs, and VFDs etc.) for the availability of spares of the existing devices, against the requirement of the upgraded systems design.

Meetings:

 Jacobs will conduct one additional in-person site visit where the meeting is to be attended by an I&C engineer, junior staff engineer, and additional persons as required for project management.

Deliverables:

- List of types of instrumentation to be used for different processes for upgrades.
- Evaluation recommendations for the need of additional IO, PLC, SCADA, control
 panels, and space evaluation within Task 2 Summary TM.

Subtask 2.6 - Electrical Assessment

Jacobs will evaluate existing equipment, available spare capacity, and alternatives considering replacement or upgrades with the NTPUD via the in-person site visit. Jacobs will use the information gathered during the site visit and workshops to make recommendations for electrical improvements at the plant.

Meetings:

• Jacobs will conduct one in-person site visit attended by an electrical engineer, and additional persons as required for project management.

Deliverables:

 Evaluation recommendations for electrical requirements included in Task 2 Summary TM.

Jacobs

Page 7 May 24, 2024

Subtask 2.7 – Improvements Recommendations

Jacobs will present the recommended WTP improvements to the NTPUD at a 3-hour in person *Recommendations Workshop*. The recommendations presented at the workshop will include the following:

- Process equipment and/or infrastructure to be decommissioned/demolished
- Process equipment and/or infrastructure to be replaced or upgraded
- Non-process safety and operability improvements

Jacobs will evaluate available UV disinfection equipment replacement options and assess their fit into the current space allotted at the WTP. No cost estimates will be provided as part of this evaluation.

Jacobs assumes up to five (3) staff will be attend the workshop in person with additional staff attending remotely as needed. The objective of the meeting will be to obtain feedback from the NTPUD on the recommended improvements and reach concurrence on the WTP improvements project scope of work for the next project phase.

Meetings:

3-hour Recommendations Workshop

Deliverables:

- Workshop agendas and minutes (electronic copy in PDF format)
- Annotated PowerPoint slides from workshop

Task 3 – Security Assessment

Jacobs will review and collect information on existing security systems in place and any other Inspection Reports provided by NTPUD, as well as architectural background drawings (electronic) to create security layouts. Jacobs will review the existing site conditions to include:

- Review existing security measures
 - Review existing doors for access control systems currently in use
 - Identify fencing needs
 - Camera locations
 - Local video storage and off-site storage
 - Remote access
- Identify location for primary monitoring of all security functions
 - Identify area for local network hardware to communicate with headquarters building on National Avenue.

Meetings:

3 hour in-person site visit

Page 8 May 24, 2024

Deliverables:

- Jacobs will prepare a technical memorandum with recommendations based on the assessment conducted. The technical memorandum will include:
 - Recommend doors for access control, including general door hardware
 - Recommend cameras to be used and show their approximate locations on drawings provided by client or photos taken during the site visit, using Bluebeam for document creation
 - Recommend fencing, using anti climb technology and constant with the winter condition of the area

Task 4 – Seismic Condition Assessment

Subtask 4.1 – Seismic Condition Assessment and Recommendations

The North Tahoe Public Utility District (NTPUD) operates and maintains the National Avenue Water Treatment Plant Pump Station and Ultraviolet Process Building (NTPUD Pump Station Building). This reinforced masonry structure was originally built in approximately 1969 and is referred to as the Pump Station Building in the 2001 EcoLogic improvement plans which added additional floor space, new stairwell access, and crane rails to the structure.

This task will be to complete a visible inspection and seismic assessment of the building and visible major non-structural equipment attachments to the building, as well as a detailed review of the original building plans or as-builts. The seismic assessment will follow American Society of Civil Engineers (ASCE) <u>Guideline 41-23 Seismic Evaluation and Retrofit of Existing Buildings</u> guidelines and will identify areas of potential risk due to the building's structure and major structural components from site-specific seismic forces. Additionally, this task will involve discussions with NTPUD on determining the appropriate performance objectives for the building in the event of an earthquake within the framework of ASCE 41-23.

The goal of this task is to identify and provide to NTPUD a summary of any potential voluntary structural modifications that may enhance the seismic resiliency of the building, and to provide NTPUD enough information to make an informed decision on proceeding with preliminary design to address any such findings. Jacobs will develop a draft seismic assessment and voluntary recommendations technical memorandum for NTPUD to review. These recommendations will be based in part on the Performance Objectives determined by NTPUD. Following NTPUD review and input, Jacobs will incorporate NTPUD's comments and provide a final technical memorandum.

Assumptions:

- Additional structural drawings or as-builts of the original building construction to are necessary for Jacobs to complete Task 4.1
- The technical memorandum will not include preliminary or final designs for any seismic retrofits or other modifications
- The seismic assessment will be limited to the visually accessible portions of the structure and building plans provided.
- No testing of materials, components, coatings, etc. will be included in the seismic assessment.
- Foundations, embedments, and all other non-visible and non-accessible components will be excluded from the condition assessment
- State and local building code criteria verification for new construction will be excluded from the condition assessment

Subtask 4.2 – Opinion of Probable Cost

This subtask will provide a Class 5 level Opinion of Probable Cost construction estimate on up to two potential suggested retrofits and repair construction work that would be identified from Task 4.1. The purpose of this subtask is to provide NTPUD a rough order-of-magnitude cost for budgeting and decision-making purposes on any potential recommended seismic upgrades. The level of effort for this task is dependent on the results of Task 4.1.

Page 10 May 24, 2024

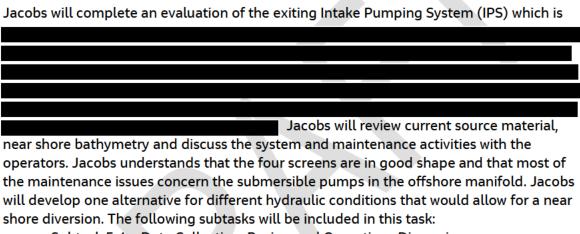

Deliverables:

 Class 5 Opinion of Probable Cost for recommendations of seismic retrofit findings from Task 4.1 of up to two major repairs to the structure.

Assumptions:

- Fee assumes one round of minor comments from NTPUD will need to be addressed for the final technical memorandum
- Task 4.2 will be time and materials based on the results of Task 4.1
- Up to two major repairs will be estimated, if identified

Task 5 – Intake Pumping Relocation Assessment

- Subtask 5.1 Data Collection, Review and Operations Discussions
- Subtask 5.2 Develop Alternative

Subtask 5.1 - Data Collection, Review and Operations Discussions

In addition to the As-built drawings, Operations & Maintenance Manual and Regional Water Quality Control Board (RWQCB) Permit that the NTPUD has provided, Jacobs would review the pump O&M manual, maintenance records and near shore bathymetry. Once Jacobs has assessed the information, Jacobs would like to discuss the system operations and maintenance requirements of the system with the Operators. In collaboration with the NTPUD, Jacobs would develop a list of maintenance objectives for the near shore alternatives. This effort includes a site visit for intake and pump leads.

Subtask 5.2 – Develop Alternative

Jacobs will develop an alternative that was provided by NTPUD

Page 11 May 24, 2024

The alternative would

consist of a description, a plan sketch, a profile sketch and hydraulic calculations. This information will be documented in technical memorandum with recommendations and next steps.

Meetings:

2 hour in-person site visit for intake and pump leads

Deliverables:

 Jacobs will prepare a technical memorandum with recommendations based on the assessment conducted

Compensation

The total fee associated with the outlined scope for Task 1 through Task 5 sums to \$230,077.00.

SUBJECT: General Manager/CEO Report

Major monthly items of note are included as agenda items or are addressed in the Department Managers' reports in this packet. Additional items are as follows:

- 1) The District, Tahoe City Public Utility District (TCPUD), and the South Tahoe Public Utility District (STPUD) continue their partnership work on legislative matters:
 - a) At the federal level, the partnership developed the 2024 project priority list in anticipation of a potential United States Forest Service (USFS) 2024 allocation for the Tahoe water for fire suppression program. This month, the USFS announced additional available funding for Fiscal Year 2024, that allocation is now \$2.155-million, of which, NTPUD anticipates receiving \$743,568 to support our Brockway Fire Protection Water Infrastructure Project scheduled for this summer. This is an increase of approximately \$10,000 to the District.
 - Attention is also focused on Fiscal Year (FY) 2025 budget appropriations requests for the program.
 - b) Congressman Kiley announced selections for his FY 2025 Community Project Funding requests. Unfortunately, the NTPUD's submitted project was not selected for consideration this year. However, in good news for the partnership, TCPUD and STPUD did advance. We are still awaiting word from Senators Padilla and Butler on their selections.
 - c) At the state level, the partnership is working with Senator Alvarado-Gil on Senate Bill SB 1088 (Alvarado-Gil), which creates a new water infrastructure for fire suppression program that would then be funded by the anticipated Climate Resiliency Bond. The Bill unanimously cleared the Senate and is currently being considered by the Assembly's Emergency Operations Committee. The partnership is working on clarifying language amendments to the Bill at the request of the Association of California Water Agencies (ACWA) and, in doing

- so, anticipates receiving ACWA's formal support for the Bill. The received formal support from the California Special Districts Association.
- d) The partnership continues to advocate for a Climate Resiliency Bond that includes wildfire resilience funding for SB 1088. The Climate Resiliency Bond is being considered via different bills in the Senate and Assembly. Members of the Senate and Assembly are currently negotiating over the contents and total funding amount of a Climate Resiliency Bond in order to reach agreement and finalize a single bill for passage by the June 27, 2024 deadline to qualify for the November election.
- e) The partnership traveled to Sacramento on April 4, 2024 to advocate on behalf of our SB 1088 and Climate Resilience Bond priorities. We visited with the following legislative offices:
 - Assemblymember Cecilia Aguiar-Curry
 - Assemblymember Jim Wood
 - Assemblymember Lori Wilson
 - Assemblymember Damon Connolly
 - Assemblymember Megan Dahle
 - Assemblymember Eduardo Garcia
 - Senator Marie Alvarado-Gil
 - Assembly Emergency Operations Committee Staff
- 2) The District received notice that our \$1,029,055 grant request to the California State Parks Habitat Conservation Program for our North Tahoe Trail Access Improvement Project was approved. This grant will support the construction of the trail extension and stairway replacement to enhance access in the North Tahoe Regional Park to the Pam Emmerich Memorial Pinedrop Trail. The General Manager has signed the agreement in accordance with District Resolution 2023-05 and the District has received the fully executed agreement back from the State.
- 3) The District and TCPUD received notice from the California Tahoe Conservancy (CTC) that our \$80,000 grant request to fund a greenhouse gas inventory of both districts' operations was approved. TCPUD will act as the lead agency for the grant and both districts are currently working on selecting a consultant to deliver the work. The districts' General Managers have executed a Project Cooperation Agreement with support from NTPUD General Counsel.
- 4) The North Tahoe Community Alliance (NTCA) has announced the structure of the new 13-member advisory committee to consider and guide the allocation of Transient Occupancy Tax (TOT) grant funds. This new TOT Advisory Committee consolidates and replaces the previous 13-member TOT Committee and the 13member CAP Committee. Under the new format, the two Special District CAP

Committee seats will be replaced by a single Special District seat and a Special District staff advisory seat. A current CAP Committee Special District member, TCPUD Director Dan Wilkins, has been selected to continue his term on the new committee and the NTPUD General Manager has been selected for the staff advisory seat. Appointments to the new committee were considered by the NTCA Board of Directors at their June 5, 2024 meeting. The new NTCA TOT Advisory Committee structure, proposed members, and additional information is outlined in more detail in the attachment to this report.

6) The District held a grand opening tour and ribbon cutting of our newly completed Tennis and Pickleball Courts as well as the Pam Emmerich Memorial Pinedrop Trailhead on May 31, 2024. The event showcased both projects, our funding partners, and the collaboration required to advance public improvements in the region. Attendees included Placer County Supervisor Cindy Gustafson; Placer County staff; North Tahoe Community Alliance staff, Board, and Advisory Committee members; Pam Emmerich's brother Steve; members of the design teams, and many community participants. The event was followed by a walk of the Pam Emmerich Memorial Pinedrop Trail in Pam's memory.

7) The District held its first quarterly leadership lunch-and-learn on May 29, 2024 entitled "Work Well with Personalities Different from Yours" and had over 30 employees in attendance.

- 8) The Boys and Girls Club of North Lake Tahoe (BGCNLT) held its regularly scheduled Board meeting on May 22, 2024. The following items were topics of discussion:
 - a) Approval of the April Meeting Minutes
 - b) Updates from the Board President
 - c) Updates from the CEO
 - d) Updates from the Finance Committee review of Club financials
 - e) Board Working Session for Wine on the Water 2024 Fundraising Goals and Strategy
 - f) Board Working Session on Strategic Plan updates

The next regularly scheduled BGCNLT Board meeting is June 26, 2024.

- 9) The District is recruiting for one open position:
 - Utility Operations Maintenance Worker I/II

Monthly Wastewater Rates Effective July 1, 2024

More information can be found online at www.ntpud.org/rates

Formed in 1948, the North Tahoe Public Utility District (NTPUD) serves approximately 5,500 wastewater customers and 3,900 metered water customers across a 6.5 square mile region of North Lake Tahoe.

In 2022, the NTPUD retained an independent consultant and began a comprehensive cost-of-service study to determine whether existing rates and property tax revenues were sufficient to meet the system rehabilitation

and replacement needs, as well as the District's operational costs for the water and wastewater systems. Our rate structure was also assessed for compliance with industry best practices and California state law.

At a public hearing on March 7, 2024 and in compliance with California Proposition 218 (Cal. Const. Article XIIID, sec. 6), the NTPUD Board of Directors adopted a new five-year rate structure developed from the findings of this study.

Investing in our Critical Infrastructure

The average age of the District's utility infrastructure is now over 50-years old, and even with continuous maintenance and system investment, much of our system is approaching the end of its service life.

The new rate structure helps fund continued reinvestment in the District's aging water and wastewater systems to ensure infrastructure rehabilitation and replacement occurs before significant failures.

Important Note for Wastewater System Customers: Businesses and homeowners in the District pay a wastewater fee to the NTPUD (one of the five member agencies of the T-TSA) to process and export wastewater out of the District. Customers also pay a fee directly to T-TSA (bi-annually) for the treatment of the District's wastewater at their Truckee plant.

Monthly Water Rates Effective July 1, 2024

Building a Wildfire-Resilient Future for Lake Tahoe

One of the District's top investment priorities is providing reliable and redundant water infrastructure for fire suppression.

The new rate structure helps fund water system improvements that will protect Lake Tahoe and defend our community against the threat of catastrophic wildfire.

Important Note for Water System Customers: There are two private water companies, Agate Bay Water Company and Fulton Water Company, that operate within the service boundaries of the North Tahoe Public Utility District. Customers served by either of these companies will only be impacted by the sewer rate adjustment, not the water rate adjustment.

NORTH TAHOE PUBLIC UTILITY DISTRICT

DATE: June 11, 2024 **ITEM:** G-3a

FROM: Finance Department

SUBJECT: Monthly Financial Reports through April 30, 2024

DISCUSSION:

The following financial reports provide the revenue and expense status of the North Tahoe Public Utility District as of the month ending April 30, 2024. This report represents 10/12 or 83% of the fiscal year.

- All Funds: At the end of April, the District's Revenues exceeded Expenses by \$3,373,347. This represents Net Income of \$1,638,866 over Budget. Operating Revenues are below budget by (\$241,999). The District as a whole, is (\$1,197,690) or (8.4%) under Budget for expenses at month end, primarily due to Outside Services/Contractual below budget by (\$151,013) and Other Operating Expenses being under budget by (\$455,446). The timing of Employee Benefits and Depreciation also contribute to the current variance, we are seeing a catchup in Employee Benefits on a monthly basis starting in January and for Depreciation we will begin to see a catchup as project closures are approved by the Board. Non-Operating Revenues are higher than Budget by \$745,361 at month end primarily due to unbudgeted Grant Revenue earned from the Tahoe Water for Fire Suppression Grant. Capital projects and purchases in the amount of \$10,394,203 have been initiated year-to-date (YTD).
- All Wastewater Funds: This report includes the Wastewater Operations Fund, the
 Wastewater Reserve Fund, and the Wastewater System Replacement Fund. At the end
 of April, the Wastewater Revenues exceeded Expenses by \$579,298. Operating
 Revenues YTD are slightly ahead of Budget. Operating Expenses are (\$537,225) or
 (15.5%) under Budget at month end, largely due to Other Operating Expenses and
 Depreciation. Combined this results in a YTD performance of \$557,338 better than
 Budget.

The Wastewater Fund has expended \$1,203,245 and encumbered an additional \$104,619 for CIP through April 30, 2024. See Capital Outlay page.

• All Water Funds: This report includes the Water Operations Fund, the Water Reserve Fund, and the Water System Replacement Fund. At the end of April, the Water Revenues exceeded Expenses by \$2,223,801. Operating Revenues YTD are under budget by (\$344,735) partially due to lower than anticipated consumption in addition to lower utilization than anticipated. The Water Fund has expended \$2,671,424 and encumbered an additional \$2,657,851 for CIP through April 30, 2024.

• All Recreation & Parks: This report includes the Regional Park, Recreation Programming, the TVRA Boat Ramp, the Event Center, and contractual maintenance services provided to Placer County and Kings Beach Elementary School. Recreation and Parks Operating Revenues are above Budget YTD by \$104,369. Total Expenses YTD are (\$111,464) or (4.4%) below Budget. Non-Operating Revenue exceeded Budget by \$152,550 primarily due to the timing of Grant Revenue.

The Recreation and Parks have expended \$2,402,305 and encumbered an additional \$211,749 for CIP Parks Projects through April 30, 2024. See Capital Outlay page.

- North Tahoe Event Center (NTEC): NTEC has a Net Loss of (\$280,614) YTD compared to Budget Net Loss of (\$328,656). The Net Loss outcome is \$48,042 positive to budget.
- **Fleet:** Operating Expenses YTD are (\$99,691) under budget, due to Other Operating Expenses being lower than budget.

FROM: Recreation, Parks, and Facilities Manager

SUBJECT: Recreation, Parks, and Facilities Department Report

<u>Parks</u>

 Two Park Seasonals were hired and NTPUD took on a Park Host couple in May, which brings the Parks team to a full staff for the summer months.

 Projects in the Park in May included completing the garden box sheds, continuing work on the tennis shed, prepping for tournaments with field linings, installing the final Disc Golf sign and routine maintenance for summer.

- Park staff gave the crumbling grill at the Ramada a face lift in May, replacing the mortar and some bricks, thus making the grill functional again. It is in the 5-year capital budget to renovate the Ramada.
- At Tahoe Vista Recreation Area, the boat launch opened on May 24th with new directional signage and improved location for the kiosk. The ramp will be staffed from 7am-7pm through Labor Day, weather dependent.

 As mentioned in other reports, the Grand Opening for the Tennis and Pickleball Courts and the Pam Emmerich Memorial Pinedrop Trailhead was held on May 31. This event, paired with a Pam Emmerich memorial walk, saw over 100 community participants.

Recreation

Summer kicked off in earnest in May with The recreation department hosted two
tournaments, featuring our incredible amenities at the North Tahoe Regional Park.
The first tournament, the May Meltdown, was a disc golf tournament held on May 19th.
This second annual tournament saw a double in attendance with 25 participants.
Pickle in the Pines, NTPUD's first annual pickleball tournament, was held on the
Saturday of Memorial Day weekend. The tournament had three different divisions,
men, woman, and mixed doubles with 60 participants. Both events were well run and
a major success.

• The District's kids jazz spring class dance recital was held on May 8. There was a packed house to watch the kids put their hard work to practice.

 The North Tahoe Regional Park will be staffed with a kiosk attendant on weekends throughout the summer, to continue to monitor parking and help with information distribution to park-goers.

North Tahoe Event Center

- The new Event Center manager, Christy McDougal began in May and had a busy two
 weeks of learning and coordinating before Cathy Becker's retirement on June 1st.
 Within her first two weeks, the Event Center hosted three weddings, two graduations,
 two celebrations of life, and several government events.
- A washer and dryer were installed in May, helping to work smarter not harder by enabling staff to wash linens in house instead of hauling linens to the laundromat.

Administration

- Recreation & Parks Manager spent much of May assisting the team in summer preparation, through coordination of projects, recruitment of staff, and relaying information up and down the chain.
- The Recreation, Parks, and Facilities team also saw the graduation of two employees from the North Tahoe Leadership Program. Congratulations to Tom Lawrenson and Eric Sachse for their hard work and commitment to bettering themselves, both professionally and personally.

Design / Bid Preparation Phase Projects

NTEC Architectural Planning Study (Project #2049): A 2022-2023 Capital Improvement Project to retain an architectural consultant to complete a planning study for the North Tahoe Event Center.

<u>Status:</u> The draft NTEC Architectural Planning Study was presented to the Recreation and Parks Commission at their October 26th Meeting and the Board of Directors at the November 14, 2023 Board Meeting. NTPUD staff has reached out to Goring and Straja

Architects (GaS) to revise the study based on the Commissioners' and Directors' feedback.

NTEC Emergency Generator (Project #2192): A 2022-2023 Capital Improvement Project to add an emergency generator at the North Tahoe Event Center. The project is grant-funded in part by FEMA and Placer County.

<u>Status:</u> NTPUD has retained PR Design and Engineering to complete the design and bid documents. Dudek has prepared an acoustical study to calculate the level of noise at the property line. Design work is complete and has been submitted to Placer County for approval. The bid results were higher than anticipated and District staff is discussing potential funding options with CalOES and Placer County. The project and staff recommendation is anticipated for Board of Directors consideration at their July 9th meeting. The majority of construction is scheduled for fall 2024 with some long lead items following in 2025.

Wayfinding and Destination Signage Project (NTEC Sign) (Project #2040): A Capital Improvement Project to add a changeable message monument sign at the North Tahoe Event Center. The project is grant-funded in part by Placer County.

Status: PR Design and Engineering has completed a preliminary sign design and site layout. On January 24th, the project was presented to the Placer County Design Review Committee as an informal item and received generally positive feedback. Following the presentation to the Design Review Committee, Placer County and TRPA have determined a changeable message board sign will require a code amendment. As the code amendment will take significant time and effort to complete NTPUD staff and PR Design and Engineering have decided to pivot and instead focus on improving the existing building signage. PR Design has prepared preliminary drawings of the proposed building signage.

Kings Beach Grid Watermain Replacement and Fire Hydrant Installation Project: Pre-design work (survey, biological assessment, and archaeological) for a 2023-2024 capital project to replace waterlines and add fire hydrants in Kings Beach Grid, specific locations include Secline Street south of SR 28 to the end of Brockway Vista Drive, and segments along Trout, Brook, and Salmon Avenue, and Raccoon and Chipmunk Street. The project is grant-funded in part by Placer County Water Agency.

<u>Status:</u> Auerbach Engineering has completed the topographic survey of the project area. Dr. Susan Lindstrom has completed the archeological study. Ascent Environmental, Inc. has completed the biological assessment. NTPUD Engineering Staff has begun construction drawings for the watermain replacement in Trout Avenue.

Master Plan: Corporation Yard Layout (Project #2151): A Capital Improvement Project to develop a Corporation Yard Master Plan. The existing corporation yard, built over several decades, was not planned for the current needs of staff, operations, services, and regulatory environment. As such, operational inefficiencies and potential

safety hazards exist within the corporation yard. The goal of the Corporation Yard Master Plan (CYMP) is to strategically plan future facility improvements to be completed over several years

<u>Status:</u> The Board of Directors awarded a design contract to WY Architects at the May 14, 2024 meeting. NTPUD Staff is working to schedule a kick-off meeting.

Secline Property Improvement Project: A Capital Improvement Project identified in the 5-year capital plan to develop a vision and preliminary design of public recreation access, environmental improvements, and facility enhancements for the Secline Beach public parcels in Kings Beach, CA.

Status: NTPUD has received a grant from North Tahoe Community Alliance (NTCA) TBID Funds Grant agreement in the amount of \$240,000 for the Secline Beach Enhancement – Planning and Design Project. The Board of Directors awarded a design contract to Design Workshop at the May 14, 2024 meeting. NTPUD will continue to pursue grants to fund portions of this project. NTPUD Staff is working to schedule a kick-off meeting.

North Tahoe Regional Park Multi-Purpose Trail Connection: A FY23/24 Capital Improvement Project to design the extension of the Pam Emmerich Memorial Pinedrop trail to the lower restroom. The proposed trail will improve pedestrian/bicycle mobility through the Regional Park and reduce the safety hazards associated with trail users having to navigate through the parking lot.

<u>Status:</u> NTPUD's Board of Directors accepted a grant from Placer County and authorized the final design contract at the February 13, 2024, Board Meeting. NTPUD Staff met with Lumos to kick-off the project design. The topographic survey and the geotechnical test pits of the project area is complete. Additionally, the District received notice that our \$1,029,055 grant request to the California State Parks Habitat Conservation Program to partially fund construction was approved.

OPERATIONAL ACTIVITIES

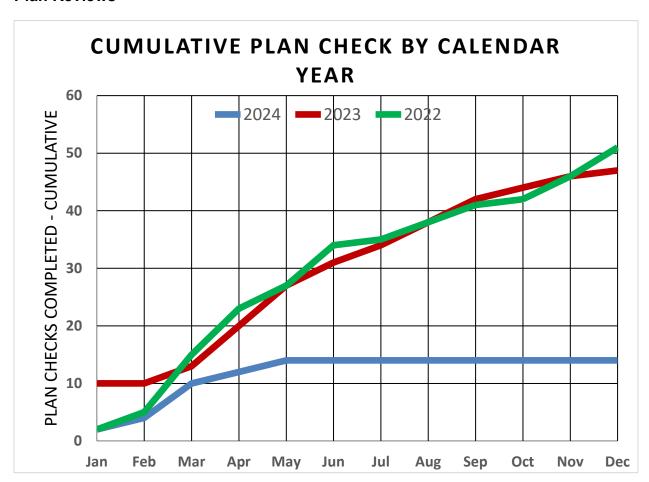

Psomas, the District's water modeler, has completed the draft water models of the Agate and Fulton Water Companies and staff is reviewing the report. Staff have discussed with North Lake Fire to conduct hydrant flow testing in each water system to assist in validating the model output. North Lake Fire will perform the hydrant testing the week of June 24.

FUNDING OPPORTUNITIES

Bureau of Reclamation 2024 WaterSMART Grant (#R24AS00052): Staff has submitted a grant application to upgrade our existing 3,500 water meters with new, ultrasonic flowmeters utilizing cellular endpoints for data communication. The grant is for the purchase of the new meters and requires a 50% District match. If the District is successful in receiving the grant, the installation would be performed by a Contractor through the public bid process. Grant evaluation will be conducted through the summer of 2024.

SUBJECT: Operations Department Status Report

DISCUSSION: Department Highlights for the month of May 2024

Maintenance Division

Bi-annual wet well cleaning was completed at 20 sewer pump stations. We repaired one sewer service lateral and installed one property line clean out for escrow. On the water side, we repaired a mainline leak on Commonwealth Drive and five service lines elsewhere in the District. One new water service was installed per plan review requirement, and we've been turning water on for seasonal customers and irrigation use. We are preparing for the first ever inspection of the contact chamber at National Ave Water Treatment Plant. The contact chamber is an 800-foot-long pipe that allows for chlorine to contact the raw water for about 90 minutes, allowing for proper disinfection. To gain access to the contact chamber we exposed the access hatch on the east end of the chamber, removed 20-year-old bolts with a cutting torch, added a two-foot riser and bolted everything back together. We will be installing a new vault in June.

Technician Division

Daily, weekly, and monthly PMs were completed. The annual preventative maintenance at National Ave. Water Treatment Plant filter vault was done in May, including inspecting and/or replacing all shear pins, inspecting, cleaning, and rotating all filters. At least one Technician was available each day to assist with sewer wet well cleaning. All stationary and mobile generators passed inspection by Placer County Air Pollution Control Board. Minor electrical work was completed at three sewer lift stations, Dollar, Carnelian Main, and Mashie.

Fleet Division

In May, 25 work orders were completed in Fleet, including scheduled preventative maintenance on eight fleet vehicles. Seven different employees assisted with the swap out of studded tires to summer tires over several days and 120 total hours: task complete. We greatly appreciate John Greybeck for cutting his vacation short to make an emergency repair to the small VacCon.

Departmentwide in December

Kelly Moore completed her probationary period in the Water Quality Technician's position as well as her second year with the District. Congratulations, Kelly! Most Operations staff members attended CWEA safety day at the NTEC in May, socializing with staff from neighboring agencies, learning the latest industry standards, and acquiring necessary contact hours in the process. Contact hours are required by CWEA to keep wastewater certifications valid. Additionally, staff completed First Aid/CPR certification, forklift training and annual hearing tests as required.

NORTH TAHOE PUBLIC UTILITY DISTRICT

DATE: June 11, 2024 **ITEM:** G-7

FROM: Office of the General Counsel

SUBJECT: Legal Report

Below is a summary of noteworthy legal items for this month:

1. Pending Legislation:

a. AB 3090: Drinking water standards: noncompliance: notification.

Under the Safe Drinking Water Act, public water systems must notify users when: 1) the primary drinking water standards contained in State Water Resources Control Board (SWRCB) regulations are not complied with; 2) a public water system fails to perform required monitoring; or 3) when a water purveyor fails to comply with the conditions of a variance or exemption. AB 3090 titled "Drinking water standards: emergency notification plan" makes several non-substantive updates to exiting law and further authorizes and encourages public water systems to provide additional notification of unsafe drinking water through public safety communications technology, including the federal Wireless Emergency Alert system, that communicates with groups in the affected geographic area.

b. SB 1188: Drinking water: technical, managerial, and financial standards.

SB 1188 would require the SWRCB to develop and adopt minimum standards for certain criteria related to the technical, managerial, and financial ("TMF") capacity of public water systems with fewer than 10,000 people or 3,300 service connections. Public water systems serving less than 10,000 people or 3,300 service connections would be required to have the capacity to demonstrate compliance with the minimum TMF capacity standards within two years of adoption of these standards or risk losing grant funding or loan financing through the SWRCB or the Department of Water Resources.

c. SB 1218: Water: emergency water supplies.

Under the existing Urban Water Management Planning Act ("Act"), every public and private urban water supplier that directly or indirectly provides water for municipal purposes to prepare and adopt an urban water management plan (UWMP). The Act further requires an UWMP to include a water shortage contingency plan. SB 1218, introduced by Senator Newman, would declare that it is the established policy of the state

to encourage and incentivize, but not mandate, the development of emergency water supplies, and to support their use during times of water shortage.

2. Workplace Violence Prevention Plan Reminder: SB 553

Please note that the deadline for compliance with Senate Bill No. 553 ("SB 553") is quickly approaching. SB 553, which will become operative on July 1, 2024, was signed into law by Governor Newson in September of 2023, requires covered California employers to implement measures to prevent and address workplace violence. One such measure, added in Section 6401.9 to the California Labor Code, requires employers to adopt a comprehensive Workplace Violence Prevention Plan ("WVPP") by July 1, 2024.
