Pay or View Bills

Please select an item to get started.

Pay online with One Time Pay, no registration required.

Pay Now

Create an account to be able to use extended features.

Register Now

Pay online

You will need a copy of your statement with the following information:

- Utility Account Number
- Last Name or Business Name (case sensitive)

The Pay Now option allows you to make a payment without creating a password.

- Make payment to your account.
- View your current bill.
- Sign up for autopay.
- Sign up for pay-by-text.
- Sign up for email statements.

With the Register Now option you gain access to:

- Schedule reoccurring payments on a date you select.
- Manage your autopay, pay-by-text, and email statement settings.
- See your payment history and billing statements on your account.

Create a My Account Login

To create a profile, you will need a copy of your statement with the following information:

- Utility Account Number
- Last Name or Business Name (case sensitive)

Autopay

The Auto Pay option can automatically deduct your monthly payment from your bank account or credit card. NTPUD will still send you a copy of your statement showing the account balance and payment processing date, but you won't need to take any action. Automatic payments are processed on the 20th each month.
