Bidders shall include with their proposal to the District a list of equipment to be used in the execution of the contract. The list shall include: make, model, year of equipment.

Minimum equipment shall be approved by the District prior to the execution of the maintenance services contract.

3.02 BACKUP EQUIPMENT

In the event the equipment listed in response to the minimum equipment requirement above breaks down or becomes unavailable, the bidders are directed to include a list of readily available equipment with their proposal to be used as a backup. The list shall include: the make, model, year of equipment. Backup equipment shall be one mid-size wheel loader, ***minimum operating weight of 28,000 lbs. or greater.***

Back-up equipment shall be approved by the District prior to the execution of the maintenance services contract. Use of manual labor in lieu of equipment is not acceptable.

CHANGES TO SNOW REMOVAL AREAS – EXHIBIT D:

9. REPLACE Index A with the attached revised Index A (revised for clarity).
10. REPLACE Sheet No. A-1 with the attached revised Sheet No. A-1 (snow removal extended down Donner Road to National Avenue intersection).
11. REPLACE Sheet No. A-2 with the attached revised Sheet No. A-2 (removed snow removal requirements from parking spaces and identified snow storage areas).
12. REPLACE Sheet No. A-4 + A-5 with the attached revised Sheet No. A-4 + A-5 (removed snow removal requirements from parking space at end of Harbor).
13. REPLACE Sheet No. A-8 with the attached revised Sheet No. A-8 (removed snow removal beyond bollards).
14. REPLACE Sheet No. A-9 with the attached revised Sheet No. A-9 (removed snow removal in parking areas in front of sheds).

QUESTIONS FROM BIDDERS:

15. In past years we have plowed Donner Rd. past district offices to National Ave. Do you not want to go to National?

Donner Road is to be plowed all the way to National Avenue. Sheet A-1 has been revised. See #10 above.

16. Boat Ramp. You now show all parking on the east end to be plowed. We have used the southern parking for a ramp for snow storage, we have stayed away from the other two because storing snow on sidewalks and in front of restrooms on pervious pavers is not advised, curbs have never been staked, Do we need to add this area to bid?

Sheet A-2 has been revised to remove snow removal requirements from parking spaces, and identify snow storage areas. See #11 above.

17. We are adding new parking spot at Harbor Ave?

Sheets A-4 + A-5 have been revised to remove the parking area at the end of Harbor Avenue. See #12 above

18. We have never plowed the entrance to the NT Event Center because chains, blades, blowers, would scratch or damage concrete walkway! We do not employ labor to run hand snow blowers or shovels. Parks has done this in past. Are you now wanting to put equipment on walkway?

Plowing shall be done up to the bollards. Event Center staff will remove snow between the bollards and the entrance to the Event Center. Sheet A-8 has been revised. See #13 above.

19. In the past 6 years the base bid has been 3" of snow, that's reasonable. This year you are asking for base bid to be 2" of snow, that's unreasonable, and not cost-effective. B&G Exc. will have to decline on this bid if you are calling for a 2" base bid. Are you willing to reconsider?

Base Bid has been changed to 3 inches of snow. See #5 and #6 above.

20. Some maps show snow storage areas, others do not? NTPUD should designate snow storage in all problem areas.

Arrows are shown on the sheets where there are designated snow storage areas. Designated snow storage areas have been included in the attached revised sheet A-2.

This addendum must be acknowledged in the bid proposal submitted by Bidder. Failure to acknowledge this and all addenda in the bid proposal may deem the bid proposal as Non-Responsive. Please forward this addendum if you have given your copy of the contract documents to another party.
